**SUBJECT: To Letter of announcement.**

Below you will find that the lists of EPPFG members that had granted protection by the German government. Those members of EPPFG granted this protection because of their political activity and the government of German believed that they are in danger of human right violation of Ethiopian government.

The main reason we write this letter is:

1. We would also like to inform to all the responsible governmental offices of migration that those individuals on the list (previous members of EPPFG) currently most of them are not actively participating to our political group fundamental activities.
2. We don't have any information about them.
3. We don't know what they are doing and where they are living too.

That means, we as a politically formed group, we will not take any responsibilities to such members of EPPFG. We would like to forward our appreciation in advance for your continuous cooperation.

With warmly regards
